Subject: RE: VT Attorney General public records request information

Hello Jessica,

Thank you for the prompt replay. Below is my request.

I am emailing to inquire if your office has any current or former investigations or cases into the Jehovah's Witness Church, or a leader or member, regarding allegations of sexual assault, abuse, or sexual battery or the attempt to prevent such allegations from being reported to law enforcement. Also, please include the contact information for the person in your office to further discuss these cases.

Thank you,

Travis J. Sherwin
